## Selecting the Right Passage

Choosing a passage that matches a student?s reading ability is crucial. If the text is too

easy, the assessment won?t reveal growth areas; too di?cult, and the student might become frustrated.

Guidelines for choosing passages:

Use a passage that the student can read with approximately 90-94% accuracy to identify their instructional level.

Select texts that are engaging and relevant to the student?s interests to promote motivation.

Ensure the passage length is appropriate?usually 100-200 words for running records.

Many free leveled passage resources provide information about the text's level and word count, making selection easier.

## Administering the Running Record

During the assessment, have the student read the passage aloud while you record:

Errors (mispronunciations, substitutions, omissions)

Self-corrections

Repetitions or hesitations

Fluency and expression

Marking these behaviors helps quantify reading accuracy and self-correction rates, both critical indicators of reading pro?ciency.

## Analyzing Results to Inform Instruction

After administering the running record, calculate the accuracy rate by dividing the

number of words read correctly by the total words in the passage. Also, consider the self-correction rate to see how well the student monitors their own reading.

Use this data to:

Identify speci?c decoding or comprehension challenges.

Group students with similar needs for targeted instruction.

Track progress over time by comparing running records from di?erent dates.

Free leveled running record passages combined with thorough analysis empower teachers to deliver personalized reading instruction.
